

# HELIUM BALLOON POLICY

## HELIUM BALLOON POLICY AT THE GREATER RICHMOND CONVENTION CENTER

**Lighter than air balloons (helium filled) may not be handed out within the facility. They may be tethered to a display for decoration only.** Balloons that are released to the ceiling will be removed at the Licensee's (VSAE's) expense.\* Costs will include current labor and lift rental rates. **Helium filled mylar (metallic) balloons are prohibited at all times.** Compressed flammable gases may not be stored within the Facility. This includes acetylene, hydrogen, propane and butane.

**\*If the balloons escape, retrieval fees will be charged to the exhibitor who loses them.**

Please be sure they are tethered well. **VSAE strongly discourages the use of any balloon products.**

**If you are bringing in helium balloons, please make advanced financial arrangements with Pamela Flynn at (804) 249-2244.**
